PRICE TWO CENTS

A Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, diminishing cold headaches and fevers, gentle in its action, and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its action on the kidneys, liver, and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember, full name of the Company printed on the front of every package.

President Roosevelt Says Naval Controversy Ought to Stop.

A LENGTHY "COMMENT"

Admiral Schley's Appeal Forms the Basis of a Voluminous Review of the Santiago Campaign.

The President Substantially Indorses the Court's Finding and Draws a Conclusion.

Washington, Feb. 20.—President Roosevelt last evening gave out for publication his comments on the appeal of Admiral Schley from the majority report of the board of inquiry. He says: "I am satisfied that on the whole the court did substantial justice."

The comments of the president are voluminous and go very intimately into the details of the evidence brought out in the memorable hearing. That his comments are based upon thorough preparation is shown by the following opening statement: "I have received the appeal of Admiral Schley and the answer thereto from the navy department. I have examined both with the utmost care, as well as the preceding appeal to the secretary of the navy. I have read through all the testimony taken before the court and the statements of the counsel for Admirals Sampson and Schley; have examined all the official reports of every kind in reference to the Santiago naval campaign, copies of the logbooks and signal books, and the testimony before the court of claims, and have also personally had before me the four surviving captains of the five ships, aside from those of the two admirals, which were actively engaged at Santiago."

From the evidence thus reviewed the president finds that "the court is a unit in condemning Admiral Schley's action on the point where it seems to me he most gravely erred—he 'retrograde movement' when he abandoned the blockade, and his disobedience of orders, and misstatements of facts in relation thereto. It should be remembered, however, that the majority of these actions which the court censures occurred five weeks or more before the fight itself; and it certainly seems that if Admiral Schley's actions were censurable, he should not have been left as second in command under Admiral Sampson. His offenses were in effect condoned when he was not called to account for them."

Concerning the question of command the president says it is in this case nominal and technical. "In short," he continues, "the question as to which of the two men, Admiral Sampson or Admiral Schley, was at the time in command, is of merely nominal character. Technically Sampson commanded the fleet and Schley as usual the western division. The actual fact, the important fact, is that after the battle was joined not a helm was shifted, not a gun was fired, not a pound of steam was put on in the engine room aboard any ship actively engaged, in obedience to the order of either Sampson or Schley, save on their own two vessels. It was a captain's fight. Therefore the credit to which one of the two is entitled rests on matters apart from the claim of nominal command over the squadron; for so far as the actual fight was concerned neither one nor the other in fact exercised any command."

"Under such circumstances it seems to me that the recommendations of President McKinley were eminently proper and that so far as Admirals Sampson and Schley were concerned it would have been unjust for him to have made other recommendations. Personally I feel that in view of Capt. Clark's long voyage in the Oregon and the condition in which he brought her to the scene of service, as well as the way in which he actually managed her before and during the fight, it would have been well to have given him the same advancement that was given Wainwright. But waiving this, it is evident that Wainwright was entitled to receive more than any of the other commanders; and that it was just to Admiral Sampson that he should receive a greater advance in numbers than Admiral Schley—there was nothing done in the battle that warranted any unusual reward for either. In short, as regards Admirals Sampson and Schley, I find that President McKinley did substantial justice, and that there would be no warrant for reversing his action."

"Both Admiral Sampson and Admiral Schley are now on the retired list. In concluding their report the members of the court of inquiry, Admirals Dewey, Benham and Ramsey, unite in stating that they recommend that no further action be had in the matter. With this recommendation I most heartily concur. There is no excuse whatever from either side for any further agitation of this unhappy controversy. To keep it alive would merely do damage to the navy and to the country."

MORE DIVERSION

Under Head of Indian Business the House Talks About Any Old Thing.

Washington, Feb. 20.—Again yesterday the general debate on the Indian appropriation bill was devoted almost entirely to extemporaneous topics. As on Tuesday the issue raised by Mr. Wheeler (Ky.) a few days ago came in for considerable attention and was the feature of the session. Mr. Bromwell, an Ohio Republican, Mr. Kern, an Illinois Democrat, and Mr. Fleming, Georgia Democrat, added their views to the literature on the subject, but it was Mr. Bouteille, an Illinois Republican, who entertained the house most. He was well fortified with material, and with exceeding good temper and trenchant display of wit, traced the history of what Mr. Wheeler had called "truculent sycophancy" as he said, from the day when the first Democratic president purchased a bogus coat-of-arms, to the entertainment of Queen Liliuokalani by the last Democratic president. He finally dismissed the whole subject by saying it should be accepted abroad as one of the "erratic and sporadic phases of American humor."

Mr. Hamilton, a Michigan Republican, enlivened the proceedings with an entertaining speech on trusts. The session continued the consideration of the Philippine tariff bill.

HELD AT CHICAGO

Jeremiah Foley, Wanted By John Bull, Will Be Taken Back.

Washington, Feb. 20.—The state department has issued a warrant for the surrender to the British government of Jeremiah Foley, a corporal in the British army, who is now held under commitment in Chicago by Commissioner Foote. Foley had been charged with the duty of conveying money to the families of British soldiers by money orders. He is alleged to have drawn a number aggregating \$2,700 to the order of fictitious persons. His wife, it is also alleged, afterward called at the various post-offices and representing these persons, collected the money. The couple went to France but escaped thence to the United States before extradition papers could be served.

Indians Causing Trouble.

Muskogee, I. T., Feb. 20.—Twenty-four members of the Crazy Snake band, arrested Tuesday near Henrietta, were brought here yesterday and lodged in the federal jail. La Tah McCo and nine others of Snake's band escaped from the officers. Several of the number were in last year's uprising. Nothing has yet been heard from the Ispahicher home, where on Monday evening a band of 20 fullbloods, led by Chitto Harjo himself were endeavoring to take an American flag from the ex-chief. Reports are that they captured the flag, also that the old warrior, to prevent its capture, destroyed it.

The President Talks.

Washington, Feb. 20.—The annual banquet of the Department of the Potomac, G. A. R., was given at the new Willard hotel last night. President Roosevelt, Secretary Wilson and General Torrence, the commander-in-chief of the Grand Army, were among the guests. The president reached the banquet hall shortly before 10 o'clock and was given a hearty reception. In the evening he made an address. The principal address of the evening was made by General Eli Torrence.

More Women in Session.

Washington, Feb. 20.—The fourth triennial of the National Council of Women of the United States opened here yesterday. Many women well known throughout the country for their interest in the improvement of the condition of the sex, attended. Mrs. Fanny H. Gaffney of New York city, president of the council, called the council to order.

Shock Too Much For Him.

Lincoln, Ills., Feb. 20.—Paul Smith, a prominent citizen and grain dealer doing business at several points in this county, yesterday became involuntarily to the extent of \$100,000 and late last evening, from shock produced by his financial embarrassment, died from heart failure.

A Change of Scene.

Washington, Feb. 20.—Orders have been issued by Lieutenant General Miles, commanding the army, for the Second battalion of the Eleventh infantry, stationed at Mayaguez and Ponce, Porto Rico, to proceed to San Francisco, preparatory to service in the Philippines.

AN INTERESTING FIGURE

"The Gentleman From Indiana" Breaking Into Politics.

Indianapolis, Feb. 20.—The chances are favorable to the nomination of Newton Booth Tarkington, the author of "The Gentleman from Indiana," "Monsieur Beaucaire" and other popular and well known stories, for the legislature. Tarkington is popular with the younger politicians constituting the Bookwalters following which controls the local situation, and they have determined to nominate him as such as they were instrumental in bringing him out as a candidate. Tarkington, however, is well known by hundreds of people in the city who will be glad to see his ambition to be a law-maker for one session gratified. His candidacy has attracted the attention of many metropolitan papers, who are making frequent inquiries as to his progress.

Several conventions have been going on here at the same time this week, and the hotels have been filled with visitors. The state association of hardware dealers were here yesterday and today. The hardware men wore big red badges and apparently were greatly enjoying their convention. The Denison hotel fairly buzzed with their trade talk. The National Association of Carnation Growers is also meeting here and every man about the hotel is wearing a carnation of some hue. J. Scheepers, representing a Holland firm at the convention, says more flowers are sold in America than any other country in the world. The Holland firms, he declares, do a large business in this country. It is well that they have business in America, as they find it difficult to dispose of their flowers to the home trade.

The Republicans of the Sixth district met at Connersville today and renominated "Jeems" Watson of Rushville for congress. There was plenty of enthusiasm, and Watson to all indications has a firm hold than ever on his district. His experience has been more or less turbulent in getting the nomination since his memorable fight with Henry U. Johnson of Richmond, but it looks now as if he has been growing rapidly with his constituency. Watson has an ambition to be governor of Indiana some day, and it would not be surprising if he should launch his candidacy for that high place in 1904. The convention at Connersville was attended to day by State Chairman Goodrich and many of the candidates for state office.

Many politicians are of the opinion that James S. Barcus of Terre Haute will now have to go "way back and sit down" for keeps so far as the Republican nomination for congress in the Fifth district is concerned. The convention at Greencastle Tuesday is regarded as an indication that he is not nearly as strong as he was two years ago, when he was defeated by only two votes. Barcus has made many friends in his two campaigns, but the politicians who know how difficult it is to get a delegation from Vigo county do not believe Barcus or anyone can line it up solidly three times in succession, especially after two defeats. And without Vigo county Barcus would have no chance whatever of winning.

Arrangements are being made for the entertainment of the convention of the National Association of Manufacturers here the third week in April. This will be perhaps the most important commercial convention of the year, as it will bring together many of the representatives of most prominent interests in the country. The association has become a great factor in shaping laws governing trade matters, and it is probable new legislation will be discussed here. D. M. Parry of this city is vice president of the organization, and at the coming meeting will be made president. Manufacturers from throughout the state will take part in the entertainment of the distinguished visitors.

Will Test the Matter.

Topeka, Kan., Feb. 20.—J. B. Billard has brought suit in the district court to compel the board of education to restore his son to membership in the public schools. Young Billard had been expelled for refusing to desist from his studies during the developmental exercises taking place in the morning. The suit brought by Billard is the result of an organized effort to stop the use of the Bible in the schools of the city.

Higgins' Term Shortened.

Indianapolis, Feb. 20.—The sentence of former councilman John M. Higgins of this city, who was convicted of the charge of soliciting a bribe will be commuted to 14 instead of 15 months. Higgins will be released from the state prison at Michigan City March 1 by the board of parole, which will be in session then, but his sentence will still hang over him, as it is said Governor Durbin will take no further action.

Identified the Burglars.

New York, Feb. 20.—The Goughan brothers, the "gentlemen burglars" who are under arrest in Jersey City charged with a number of burglaries, were taken to Bayonne from Jersey City yesterday and identified by Mr. Hocke of that place as the men who had robbed his home some days ago.

Fatal Runaway Accident.

Elwood, Ind., Feb. 20.—Arthur Walker, a crippled newsdealer, was thrown in a runaway accident and his skull was fractured by contact with the pavement.

J. D. Balsly Discharged.

The case of the state vs. Jos. D. Balsly, charged with embezzlement came up for trial in the circuit court today. The defendant's attorneys made a motion to dismiss the case and discharge the defendant on the ground that the jury that heard the case at the previous trial failed to find the defendant guilty of embezzlement but found him guilty of larceny. The charge against him was embezzlement. The defendant's attorneys argued that according to the finding of the jury before that their client should be discharged without another trial. The court sustained their motion and the defendant was discharged. The state's attorneys gave notice that they would carry the legal question raised this morning to the supreme court.

Will explain.

The Bank Safe is an oxidized and coppered steel bank with combination lock, and is highly ornamental and convenient. All sizes of coin can be put into it.

The Bank will be loaned to such of our depositors as desire them, or to any person who wishes to have one, and will deposit with us \$1.00. Credit for this sum will be given in a pass book, and the deposit must not be withdrawn until the bank is returned in good order. In consideration of our loaning you a bank, it is understood that you will deposit your savings with us at least once a month.

Money deposited in these Home Savings Banks can only be taken out at our office, where the keys are kept. When brought to us, the Bank is opened and the amount counted in the presence of the owner, and placed to his credit in his pass book.

The deposit of \$1.00 required before loaning the Bank, is for security only. It is entered in your pass book and will be returned to you when the Bank is returned to us in good order.

It's Advantages. You have in your home a bank always open for deposit. You can drop in small amounts you would not take to any bank, thus preventing you from spending them. Money kept loosely near at hand affords a continual temptation to wastefulness. You cannot shake or get money out, as we hold the key; you consequently do what you ought—bring or send the Bank to us, have its contents counted and placed to your credit, where it will be a continual reminder, urging you to add more to it. Many persons waste in a lifetime enough to make them independent.

For Children. This is one of the best plans ever devised for encouraging economy and frugality in children, as money once placed in the safe cannot be taken out except at our office, and there it must be deposited. At the same time it gives a child valuable business experience, and the first lessons in economy are more easily learned if the savings are for some fixed and definite purpose.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are undigested, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overladen stomach exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. Eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fulness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

HAND IN HAND.

Sleeplessness, Nervousness, Indigestion, the Bane of the Present Day. Seymour People Know the Remedy.

There is a condition that a great many people got into these days—not sick abed—able to be around but never feeling well—weak and the least exertion tucks them out—as months go on they become weaker until resistance to disease is practically overcome. It was directly for this class that Dr. A. W. Chase's Nerve Pills were formulated. They provide the lacking element that is wanted to remove the trouble, nerve force.

Mr. J. Blair, of No. 114 North Lynn St., Seymour, Ind., says: "For some time I have been a victim of severe nervousness, sleeplessness and indigestion. I heard Dr. A. W. Chase's Nerve Pills sold spoken of and thought I would try them. I got a box of the pills at A. J. Pelle's drug store and after using one box of the medicine I can say that the results were very satisfactory and I think with further use I would get permanent results. I think these pills grand tonic."

Dr. A. W. Chase's Nerve Pills are sold at 50 c. a box at "J. Blair" or Dr. A. W. Chase Medicine Co., du, also, N. Y. See that portrait and signature A. W. Chase, M. D. are on every package.
